LE NGUYEN NHAT TRUONG - CURRICULUM VITAE

Software Engineer Trainee - Backend Focus | UTH K24

Email: truonglnn0882@ut.edu.vn | GitHub: github.com/lenguyennhattruongg
Address: Ho Chi Minh City, Vietnam | University of Transport and Communications HCMC

1. EDUCATION & ACADEMIC CREDENTIALS

- University of Transport and Communications HCMC (UTH) - K24 Regular Program (2024 - 2028)
- Major: Information Technology | Focus: Software Engineering & Network Systems
- Key Subjects: Java OOP (SE 21), Socket TCP/IP, C/C++ Algorithms, MySQL RDBMS

2. CORE TECHNICAL COMPETENCIES

- Backend Core: Java SE 21, Multi-threading Concurrency, Collections Framework, I/O Streams
- Network Protocols: Socket TCP/IP, Client-Server Architecture, Packet Capture (Wireshark)
- Database: SQL / MySQL, 3NF Normalization, ACID Transactions, Relational Schema Design
- Tools & Workflow: Git, GitHub Flow, IntelliJ IDEA, VS Code, PowerShell, Vite MPA

3. FEATURED TECHNICAL PROJECTS

- Project 1: TCP Remote Desktop Streamer (Java SE 21, Socket TCP, Robot API, Multi-threading)
- Project 2: FreshVend Automated Vending System (Java Core OOP, Inventory, Transaction Logic)
- Project 3: Group Portfolio Website Hub (HTML5, CSS3, Vanilla JS, Three.js 3D WebGL, Vite)

4. SOFT SKILLS & PROFESSIONAL ATTITUDE

- Systematic Debugging: Breakpoints, Stack Trace Analysis, Root Cause Isolation
- Engineering Discipline: Clean Code, Branch Review Protocol, Documentation Integrity
- Self-Study: Reading Official Specifications (Oracle Java Docs, RFCs, MDN Web Docs)
- Physical Endurance: Long-distance running to maintain focus and stamina
